Degree Centrality and Closeness Centrality.	1	5
Briefly list and define different actions performed by social media users.	1	10

Module 3: Social Media Text, Action & Hyperlink Analytics

Question	Freq	Marks
Explain hyperlink Analytics.	2	5
Briefly discuss in-links, out-links, and co-links.	1	5
Explain tools of Hyperlink Analytics.	2	10
Highlight the differences between Social Media Text Analytics and Hyperlink Analytics.	1	5
Differentiate between static and dynamic social media text.	2	5
Discuss and differentiate social media texts.	1	10
What is text analytics, and why is it useful?	2	5
What is text analytics? Explain the steps in text analytics with an example.	2	10
Discuss the role of text analytics in social media analytics. Using a hypothetical social media dataset, explain the process of extracting meaningful insights using text analytics.	1	10
Explain steps for Text Analytics. Explain static and dynamic text analytics.	1	10
Explain Action Analytics with example.	1	5
Explain Social Media Action Analytics, Common Social Media Actions and Actions Analytics Tools.	3	10
Write short note: Social Media Action Analytics.	1	10
Explain social media action Analytics and Hyperlink Analytics.	1	10
Intention analysis in social media.	2	10

Module 4: Social Media Location & Search Engine Analytics

Question	Freq	Marks
What is Location analytics? Explain its significance in the context of social media analytics.	4	10
List all the location analytics tools and explain the working of every tool.	2	10
Discuss business data-driven location analytics and social media data-driven location analytics.	1	10
Write short note: Sources of Location Data.	1	10
What is social media Location Analytics and Search Engine Analytics?	1	10
Explain the two main categories of search engine analytics.	3	10
What is search engine analytics?	1	5
What is search engine optimization? What are the different methods to do it?	2	10
What is search engine optimization? What are the different methods? Consider a small local bakery in Dadar struggling with low online visibility – explain how they can improve visibility using SEO strategies.	1	10
What is the purpose of search engine optimization?	2	5

Module 5: Social Information Filtering

Question	Freq	Marks
Specify the significance of Social Media KPI.	2	5
What are different Social Media KPIs?	1	10
What are social media KPIs? Identify five essential KPIs for an e-commerce brand launching a new product via influencer marketing on Instagram. How do these KPIs support business decision-making?	1	10
